

Parents who already have a PowerSchool parent account for another child can add a new child by following these steps.

- Log on to your PowerSchool account
- Go to **Account Preferences**
- Select the **Students** tab
- Click **Add**
- You will need your child's **Access ID and Access Password**.(please contact your child 's school for this information)
- Once you have entered the required information and click submit, you should now be able to access your child's information.
